**Deliver flexible, quick and convenient mobile access to your municipal code**

GENERAL
CODE

Expand eCode access for everyone in your community—wherever they are!

The **eCode360 Search App™** is the only app of its kind. Mobile access lets remote workers, participants in virtual meetings, and constituents view and search your own code quickly and easily. Over 2700+ municipal codes in our online library are accessible from the convenience of an Internet-connected phone or tablet.

Save resources and access from anywhere
With staff resources stretched and in high demand, this mobile app provides self-service capability for finding all the information in your *eCode360* portal.

Simple, convenient and free
The user-centric design makes this app easy to use, at any time, anywhere—and at no additional cost.

Multiple search and filtering options
Search by keyword or from a list of common search terms. Narrow results by municipality, ZIP code, county, state, population, and more.
